

SEND Parents' Forum 19th April 2016 7-8 pm

Present: Sarah George SENDCo, KH and RG

1) Previous minutes, update

2) Website

SG talked through a copy of the content of the new SEND pages of the website. Looked at school website online and discussed format of the page (limits due MAT format of websites so they are the same).

Talked through the content of the pages, amended text as required.

RG raised well-being as a central priority so order of information altered to reflect this.

Possibly children narrating a slide show of different resources to explain how extra support is given, not necessarily the children who use the resources but children confident to present and explain.

SG to share content with Kaushik Chamund, IT and report back at next meeting on progress. Agreed that it is a priority to get content up as soon as possible, and tweak photos and videos in the future. Considered parents and staff being on the website, photos and videos.

3) Update on Clicker software – full school licence is £2,200. Mr Fewster has asked SG to cost ICT options for SEND. SG to report at next meeting.

Date of next meeting: Weds 29/6/16 8.45-9.45 am
