Dear Parents and Carers,

16-09-22

We have all enjoyed a great start to the new academic year and it is brilliant to see how well the children are settling into school life after a hot Summer holiday. The children's enthusiasm and attitude towards learning has been exemplary and our celebration assemblies back in the halls together were so special!

Our open classroom days were positive and we will be having another one soon.

Thank you for ensuring excellent attendance and punctuality this week. This makes such a positive difference to your child's wellbeing at the start of each day and enables the best learning opportunities for them. We look forward to maintaining this high standard throughout the year! Please ensure you read the attendance policy that was emailed to all parents last week on Friday.
